

Product Brief | Rimage Producer™ IV Series

Unrivalled Performance, Versatility and Quality

Rimage Producer IV disc publishing systems are the industry standard for anyone producing professional CD, DVD and Blu-ray Discs™. With industrial grade robotics, direct-to-disc printing and professional recording technologies, the Producer IV Series meets the world's most challenging disc production demands.

Benefits

Powerful printing

Producer IV systems have the world's best full-color and thermal monochrome disc printers, providing top of the line printing and industrial-grade production in one scalable package.

Quick turnaround

Designed for 24/7, high-volume, unattended production, Producer IV systems publish hundreds of customizable discs per day, so you can deliver customer-tailored discs faster.

Superior performance

The four-bin carousel and 100-disc external output bin comes standard with the Rimage system, enabling four media types to be available concurrently. The reliable Rimage robotics are designed to output discs continuously for years.

Features

- Integrated DiscWatch™ status light
- 100-disc external output bin
- Front USB port
- Internal lighting
- Up to four quick-release front-swappable recorders
- 400-disc rotating carousel for input/output
- Four line LCD status display
- Embedded control center with network connectivity
- Rimage Software Suite (RSS) - Network
- Everest™ 600 printer or Prism III™ printer
 - Everest: Best quality printer for permanent, full-color printing
 - Prism III: Fastest and lowest-cost per disc thermal monochrome printer on the market

Producer 8200N

Producer 7200N

Producer 6200N

Options

- Blu-ray Recorders
- Everest 600 or Prism III print technology
- DiscFlow™ for Mac
- Media Reader
- Keyboard, monitor and mouse kit
- Windows Server 2008 R2 Standard
